Official Pianist Details

Singers who are unable to bring their regular pianist to their audition or wish to use the official pianist may do so. This choice must be noted on the original application and be accompanied by the official pianist fee and clean copies of all repertoire at the time of application.

Fee: $35

- Fee covers preliminary audition, any finals, and final winners concert if selected
- Singers must bring originals of all of their music to the audition so that the pianist may play from the original score (ideally bring the same editions as the mailed-in copies)
- Your assigned pianist will meet you at your audition. (Keep in mind they may already be in the room playing for the previous singer)
- Any additional rehearsal is outside of the confines of this agreement and would need to be arranged and compensated separately
